MANAGE an evaluation or evaluation system

# MEL jamboree facilitator agendas

## Thursday 30 November – Friday 1 December 2017

## Day 1 (2017)

| Time   | Session   | Objective                                 | Session flow (what will happen)   | Materials                   |
|--|---|---|---|-----------------------------|
| 08:30-09:00  | Arrivals & light<br>breakfast   | Mingling!                                 | Getting to know people over coffee  | Coffee & light<br>breakfast |
| 09:00-10:30 Welcome & introductions Workshop objectives & agenda |   | Welcome                                   | Official welcome (15 min)   | Agenda hand-                |
|  |   | Introductions                             | Setting the tone: Create environment for open exchange and  | outs                        |
|  |   | Agenda overview                           |   | Flip charts                 |
|  | Setting the tone Introduction exercise. Who's in the room? People tark in pairs | PPT for OSF                               |   |                             |
|  | C C   | Overview of MEL<br>developments at<br>OSF | ("Find someone you don't know!") and then introduce that partner<br>to someone else (Name, organization/function, one topic not on<br>the agenda that you/they would like to connect with people about)<br>(30 min) | MEL overview presentation   |
|  |   |   | Agenda overview (5 min)   |                             |

| Time        | Session                   | Objective   | Session flow (what will happen)  | Materials |
|-------------|---------------------------|---|--|-----------|
|             |                           |   | Set tone for participation/interaction   |           |
|             |                           |   | Ask for volunteer to run post lunch energizer on Day 2   |           |
|             |                           |   | Joint commitments: Ask people which commitment we should<br>jointly make as a group for the workshop and write on flip-chart<br>(e.g., use of phone, listening, open mindedness, Chatham House<br>rules) (5 min) |           |
|             |                           |   | What's happening with MEL at OSF? Overview presentation and Q&A [Many people asked for an input from OSF and what MEL developments are and expectations vis-à-vis grantees] (10–15-min overview, 15 min Q&A)     |           |
| 10:30-10:45 | Break                     |   |  |           |
| 10:45-12:30 | Institutionalizing<br>M&E | How to set up M&E for   | Framing: Next two sessions—institutionalizing M&E and institutionalizing learning (3 min)  |           |
|             |                           |   |  |           |
|             |                           | institutionalizing it   | Kick-off: Reflections on institutionalizing M&E (5–10 min)   |           |
|             |                           | institutionalizing it<br>in a sustainable<br>way – from design, | <b>Kick-off</b> : Reflections on institutionalizing M&E (5–10 min)<br><b>Presentation</b> of data collection example (10 min)  |           |
|             |                           | in a sustainable  |  |           |
|             |                           | in a sustainable<br>way – from design,<br>to monitoring, to     | <ul> <li>Presentation of data collection example (10 min)</li> <li>Presentation of the system, how it is helping ORGANIZATION collect data, how it is used within the organization and a quick</li> </ul>        |           |

| Day 1 (2017) |                                |           |  |             |
|--------------|--------------------------------|-----------|--|-------------|
| Time         | Session                        | Objective | Session flow (what will happen)  | Materials   |
|              |                                |           | How to set up monitoring systems conducive to monitor long-<br>term change   |             |
|              |                                |           | How to use M&E for adaptive programming.   |             |
|              |                                |           | Small group on ORGANIZATION monitoring system  |             |
|              |                                |           | <b>30-minute debrief in plenary</b> on key points from the groups.   |             |
| 12:30-13:30  | Lunch                          |           |  |             |
| 13:30-15:00  | Institutionalizing<br>learning | <b>o</b>  | Energizer: "Pick a physical item in the room that represents your  | PowerPoint  |
|              |                                |           | learning style" (e.g., a book, the agenda, a person). If no suitable<br>item is available, draw it or use playdoh, pipe cleaners etc.  | Flip charts |
|              |                                |           | <b>PARTICIPANT input:</b> Institutionalizing learning, different types of learning practices, and how learning needs to be informed by monitoring, evaluation, and research (10 min) |             |
|              |                                |           | PARTICIPANT to focus on challenges and opportunities/progress related to:  |             |
|              |                                |           | <ul> <li>Enabling environment for MEL (funding, leadership, org.<br/>culture, etc.)</li> </ul>   |             |
|              |                                |           | <ul> <li>Going beyond isolated MEL instruments for compliance to<br/>organizational learning (critical reflection, exploring change<br/>processes)</li> </ul>                        |             |
|              |                                |           | <ul> <li>Linking MEL to decision making, planning, strategy (informing<br/>TOCs, aligning timing, producing actionable information, etc.)</li> </ul>                                 |             |

| Day 1 (2017) |  |   |   |                 |
|--------------|--|---|---|-----------------|
| Time         | Session  | Objective   | Session flow (what will happen)   | Materials       |
|              |  |   | <b>Group discussion</b> : Small groups to discuss three key challenges with institutionalizing learning (30 min):                                 |                 |
|              |  |   | • How to create institutional buy-in and conducive environment to promote a culture of learning   |                 |
|              |  |   | <ul> <li>What are the most conducive organizational set-ups to<br/>promote a learning culture?</li> </ul>   |                 |
|              |  |   | How to get donors and local partners on board?  |                 |
|              |  |   | Debrief and plenary discussion (30 min)   |                 |
| 15:00-15:15  | Break  |   |   |                 |
| 15:15-17:00  | Long-term<br>systems change:<br>Political<br>Economies -<br>complexity | ms change: experiences to<br>cal include the wider<br>omies - (political) context<br>lexity into MEL work<br>gement | Framing of session  | Panel set-up at |
|              |  |   | Energizer/kick-off: Systems "Love" Video (5 min)  | front           |
|              |  |   | <b>Panel set-up:</b> Participants share experiences on how complexity aware methodologies have been integrated into MEL, including related tools. | Flip chart      |
|              |  |   |   | PowerPoint      |
|              | management   |   |   | Index cards     |
|              | and MEL  |   | • Each panelist to speak max. 10 mins. each (max. 30 min)   |                 |
|              |  |   | FACILITATOR to facilitate panel discussion and Q&A  |                 |
|              |  |   | <ul> <li>Debrief and discussion in plenary (30 min) Concluding with<br/>the question on "What's missing/still needed?"</li> </ul>                 |                 |
|              |  |   | <b>PANELIST 1</b> : ORGANIZATION's approach to <u>Learning to Make</u><br><u>All Voices Count</u> project:  |                 |

|--------------|---------|-----------|--|-----------|--|--|--|
| Time         | Session | Objective | Session flow (what will happen)  | Materials |  |  |  |
|              |         |           | <ul> <li>Lessons on how organizations are learning in Liberia based<br/>on our recent research</li> </ul>  |           |  |  |  |
|              |         |           | <b>Day 1 feedback:</b> Everyone to write down (on an index card) one thing that they really liked (one side of the card) and one thing they would do differently on Day 2 (reverse of the card). |           |  |  |  |

## Day 2 (2017)

| Time        | Session                       | Objective   | Session flow (what will happen)   | Materials                   |
|-------------|-------------------------------|---|---|-----------------------------|
| 08:30-09:00 | Arrivals & light<br>breakfast | Mingling!   | Getting to know people over coffee  | Coffee & light<br>breakfast |
| 09:00-10:30 | Interactive MEL               | Warm up for   | Interactive MEL quiz (30 min)   | Playdoh                     |
|             | quiz (30 min)                 | the day <b>Group work</b> : People to work in (five) groups of 5 to illustrate or | Pipe cleaners   |                             |
|             | Learning & research (1 hr)    |   | element of MEL artistically using playdoh, pipe cleaners, flip<br>charts (e.g., a graphic illustration of theory of change) without<br>revealing what it is in writing/verbally. Afterwards, gallery walk<br>with people guessing what each illustration means. | Flip Charts                 |
|             |                               |   | PARTICIPANT input: Initial framing reflections (10 min), incl:  |                             |

| Day 2 (2017) |  |   |  |   |
|--------------|--|---|--|---|
| Time         | Session  | Objective   | Session flow (what will happen)  | Materials                                   |
|              |  |   | <ul> <li>Learning as a product and process (action research and how<br/>to use it with different stakeholders)</li> </ul>  |   |
|              |  |   | <ul> <li>How to link research to M&amp;E and how to measure the impact<br/>of research</li> </ul>  |   |
|              |  |   | How to institutionalize an evidence-based learning culture   |   |
|              |  |   | PARTICIPANT input: Experiences from ORGANIZATION (10 min)  |   |
|              |  |   | Group work at tables:  |   |
|              |  |   | How is your organization using research for MEL purposes?  |   |
|              |  |   | What is missing and/or still needed?   |   |
| 10:30-10:45  | Break  |   |  |   |
| 10:45-12:30  | Conducting,<br>commissioning,<br>managing and<br>using evaluations | Share<br>experiences on<br>how to<br>conduct,<br>manage and<br>use<br>evaluations<br>and common<br>challenges –<br>clinic! Live<br>problem<br>solving | <ul> <li>Kick-off "game": Key considerations for successful evaluations (15 mins): Ask participants to write one key consideration for a successful evaluation on a card/sticky post-in and pin on wall</li> <li>PARTICIPANT input: Experiences of conducting, managing, and/or using (external) evaluations (10 min each), focusing on common challenges and how to overcome them:</li> <li>Evaluation use: How is evaluation going to be used, when, and by whom; how will your org/team engage with evaluators; how might "negative" findings be received or handled at your organization?</li> </ul> | Cards/Post-its<br>PowerPoint<br>Flip charts |

| Time        | Session                      | Objective  | Session flow (what will happen)   | Materials                 |
|-------------|------------------------------|--|---|---------------------------|
|             |                              |  | <ul> <li>Evaluation purpose: What is the evaluation going to<br/>cover/evaluation questions! – design flows from this; how<br/>many evaluation questions can you have?</li> </ul> |                           |
|             |                              |  | <ul> <li>Evaluation planning: Never too early to start planning – and<br/>budgeting! – for evaluation; perhaps a bit on identifying the<br/>"right" evaluator</li> </ul>          |                           |
|             |                              |  | <b>Clinic:</b> Participant experiences of conducting, commissioning, and using evaluations: practical brainstorming (45 min)  |                           |
|             |                              |  | Wrap-up in plenary (15 min)   |                           |
| 12:30-13:30 | Lunch                        |  |   |                           |
| 13:30-15:00 | Monitoring & data collection | Indicator clinic!<br>An opportunity<br>to do live<br>problem | <b>Energizer</b> : Quick post-lunch energizer run by willing participant who volunteered on Day 1 (10 min)  | PowerPoint<br>Flip charts |
|             |                              |  | PARTICIPANT input: Monitoring & indicators (10 min)   |                           |
|             |                              | solving  | Indicator clinic: Particular challenges and experiences with indicators, discuss participant examples (45 min)  |                           |
|             |                              |  | Wrap-up in plenary (15 min)   |                           |
| 15:00-15:15 | Break                        |  |   |                           |
| 15:15-17:00 | Next Steps                   | Lay the  | Learning communities people use   | PowerPoint                |
|             | Personal                     | foundation for<br>a network                                  | Next steps:   | Flip charts               |
|             | Commitment                   | anelwork   | How will we stay connected?   | Post-its                  |

| Time | Session                | Objective               | Session flow (what will happen)   | Materials           |
|------|------------------------|-------------------------|---|---------------------|
|      | Workshop<br>evaluation | amongst<br>participants | <ul> <li>Personal commitments: Every participant to write down at<br/>least 1 commitment for after the workshop to keep the energy<br/>alive (blog, debrief colleagues etc.)</li> </ul> | Evaluation<br>forms |
|      |                        |                         | Workshop evaluation   |                     |
|      |                        |                         | Close: Aim to end at 16:30!   |                     |

Ideas for grouping people for the small group work (depending on session):

- Small or large organizations
- Organizations with official MEL staff (i.e. their *only* job) vs those without
- Geographical focus (though we will be biased towards US, global, Africa)
- Organization type (coalition, implementing, research, other)
- Organizations on a spectrum of learning (from KM self-assessment to create a few "buckets" of types)

### Thursday 29 April – Friday 30 April 2019

| Day 1 (2019) |  |   |  |                    |
|--------------|--|---|--|--------------------|
| Time         | Session  | Objective   | Session flow (what will happen)  | Materials          |
| 08:30-09:00  | Arrivals/breakfast   | Mingle  |  | Light<br>breakfast |
| 09:00-10:30  | Welcome from OSF,<br>including the<br>objectives of the<br>workshop and an<br>update on OSF's<br>Economic Justice<br>Program | Welcome & introductions   | Welcome remarks: OSF & overview of changes at OSF & Introduction of facilitation team (15 min)   | PowerPoint         |
|              |  | Setting the tone &<br>"ground rules"<br>Program overview<br>Highlights since the<br>last Jamboree – get<br>MEL juices flowing | <b>Introductions</b> (FACILITATOR to facilitate): People find a partner who they do not know or do not well, then introduce them to someone else, covering their name, where they live (country/city) and their function in relation to MEL (30 min) | Agondo             |
|              | Introductions of<br>participants   |   | $\sim$ Overview (15 min):  | Agenda<br>handouts |
|              | Agenda overview  |   | • Agenda, including a heads-up about the two clinics on Day 2; ask people to provide input for these during  | Flip charts        |

|              | Logistics update   |   | Volunteers for energizers?   |                    |
|              | What has happened<br>since the first MEL<br>Jamboree in 2017?  |   | <ul> <li>Put up follow-up commitments (blogs etc.) on wall</li> <li>Logistics: Update about logistics, group dinner etc. –<br/>any practical pr logistical questions (3 min)</li> </ul>  |                    |
|              |  |   | Group discussion at tables (10–15 mins)  |                    |
|              |  |   | • What MEL issues are you currently working on that  |                    |

you are excited about?

| 10:30-10:45 | Break  |   | <ul> <li>In which MEL related area(s) has your org made<br/>progress over the past year?</li> <li>Debrief: 2–3 highlights from each table (15 min)</li> </ul>  |  |
|-------------|--|---|--|--|
| 10:45-12:30 | Learning and<br>collaboration<br>Many organizations<br>face the same<br>challenges around<br>organizational<br>learning: how can<br>collaboration around<br>learning help to<br>address these<br>challenges? | Sharing learning<br>around organizational<br>learning &<br>collaboration around<br>learning   | <ul> <li>Inputs from organizations involved in learning exchanges (10 min max for each group). Key questions:</li> <li>What incentivizes collaboration and joint learning within and across organizations?</li> <li>Are there common learning questions in the economic justice and fiscal governance fields?</li> <li>What is the potential to answer them collectively through formal or informal approaches?</li> <li>Q&amp;A after each group input</li> </ul> | 4 chairs at<br>front<br>People to<br>rotate in and<br>out from there<br>for their inputs<br>PPT based on<br>need |
|             |  |   | Facilitated plenary discussion<br>If time allows, ask people to brainstorm (at tables) ideas<br>about possible areas for collaboration going forward   |  |
| 12:30-13:30 | Lunch  |   |  |  |
| 1:30 – 3:15 | Fiscal Governance<br>Indicators Project  | To provide new and<br>practically relevant<br>information about<br>existing measurement<br>tools and indicators<br>they can employ in | <b>Energizer:</b> Volunteer participant<br><b>Intro from DONOR:</b> Context for the project and allay<br>concerns about this being about imposing indicators on<br>people  | Need 5 chairs<br>at front<br>PPT<br>PARTICIPAN <sup>-</sup>  |
|             |  |   | Session on what we know so far, which PARTICIPANT will present as well as facilitate the group activity  | will bring handouts  |

|             |  | their work (based on<br>evidence review)<br>To get feedback on<br>priorities to target and<br>pitfalls to avoid in the<br>development of new<br>fiscal governance<br>indicators<br>To get buy-in and<br>potential volunteers<br>for testing validity of<br>to-be-developed<br>indicators | Small group sessions on feedback on the potential<br>outcomes. PARTICIPANTS to facilitate small groups. If<br>this does not end up working out, we have a back-up<br>plan to reconfigure into 3 small groups, so we have a<br>contingency in place to allow us to still cover facilitation.<br><b>Wrap up</b> |                             |
|-------------|--|--|---|-----------------------------|
| 15:15-15:30 | Break  |  |   |                             |
| 15:30-16:45 | <b>Clinic I:</b> MEL capacity development for staff and partners | Share practical<br>experiences on<br>capacity development<br>internally and with<br>partners   | Inputs (5 min each): PARTICIPANTS on creative<br>approaches on how to enhance internal staff capacities<br>as well as partner capacities on MEL<br>Working groups on topics identified over lunch (30 min)<br>Very brief debrief in plenary: 3 highlights (15 mins)   | 4 chairs at<br>front<br>PPT |
| 16:45-17:00 | Closure of workshop<br>Day 1<br>Getting ready for<br>Day 2       | Make sure we have<br>enough input to<br>design the clinic on<br>Day 2  | Re-confirm people have provided their input for 2nd clinic (Day 2) (flip chart on wall)<br>Quick feedback on the day: Handout cards, ask people to write 1–2 things they really liked about the day (on one side) and 1–2 things we should do differently on Day 2 (other side)                               |                             |

| Day 2 (2019) |                       |  |   |  |
|--------------|-----------------------|--|---|--|
| Time         | Session               | Objectives   | Session Flow  | Materials  |
| 08:30-09:00  | Breakfast             |  |   |  |
| 09:00-10:30  | Communicating impacts | Discuss experiences<br>from several<br>organizations on how<br>they communicate<br>impacts effectively | <ul> <li>Ask people to sit at a different table than yesterday.</li> <li>Warm-up (15 mins): Ask people to get creative: draw on flip chart or use pipe cleaners and playdoh to graphically represent "impacts" or "communicating impacts" or anything else related that comes to mind. At tables. Walk around the room to admire "art work" (5–7 mins)</li> <li>Inputs from participants (30 mins / 7 minutes each):</li> <li>What are the data collection needs to back up your impact story?</li> <li>What are capacities needed to capture impact stories effectively?</li> <li>What are practical tools and approaches that have worked well to capture and disseminate impact stories?</li> <li>How can learning from failures be communicated constructively, not just success stories?</li> <li>How to communicate important issues and process steps that are not results or impacts? How to communicate lessons and learning?</li> <li>How to balance 'contribution' versus 'attribution' in communicating impacts?</li> </ul> | Pipe cleaners,<br>playdoh<br>5 chairs at<br>front<br>PPT/handouts<br>based on need |

|             |  | <b>Working groups</b> facilitated by above participants (random distribution of people) (30 mins)   |  |
|-------------|--|---|--|
|             |  | <b>Debrief in plenary:</b> 2–3 key highlights per group (15 min)  |  |
| 10:30-10:45 | Break  |   |  |
| 10:45-12:30 | Institutionalizing MEL:<br>what's your strategy? | <b>Facilitated panel conversation</b> (5 min inputs each):<br>PARTICIPANTS to answer key questions—   | 6 chairs at<br>front   |
|             |  | <ul> <li>How to get MEL into projects and programs but also<br/>into strategic plans and broader strategies of<br/>organizations?</li> </ul>  | PPT/handouts<br>based on need  |
|             |  | <ul> <li>What tools, processes and what type of data is most<br/>conducive to positively influence organizational<br/>cultures towards a culture of learning and M&amp;E?</li> </ul>  |  |
|             |  | • What does it take to become a learning organization?  |  |
|             |  | Working Groups organized by size of respective<br>organizations (small up to 15 people, medium up to 50<br>people, large – more than 50 people) (30 min)  |  |
|             |  | Debrief in plenary (30 min)   |  |
| 12:30-13:30 | Lunch  |   |  |
| 13:30-15:15 | Clinic II: Flexible!                             | Energizer! By participant (hopefully!)  | Flexible: see<br>how many<br>groups we<br>have;<br>reconfirm on<br>Day 1/end |
|             |  | <b>Co-created clinic:</b> We'll have a list of topics by the end of<br>Day 1. Possibilities: (a) People bring tricky MEL<br>questions they are currently struggling with and get "live"<br>advice from peers in small groups, (b) Sharing new<br>tools/approaches etc., or (c) Something else exciting! |  |

|             |                      | Possible clinic topics:   |                                   |
|-------------|----------------------|---|-----------------------------------|
|             |                      | <ul> <li>Tricky indicator or evaluation questions</li> </ul>  |                                   |
|             |                      | <ul> <li>How to use data effectively to produce solid analysis</li> </ul>   |                                   |
|             |                      | Possible topics for presenting specific tools:  |                                   |
|             |                      | Contribution tracing to capture behavioral change   |                                   |
|             |                      | ORGANIZATION'S data management system   |                                   |
| 15:15-15:30 | Break                |   |                                   |
| 15:30-17:00 | Next steps & closing | Next steps  | Flip-chart                        |
|             |                      | Re-confirm commitments made to write blogs or   | Paper                             |
|             |                      | other follow-up actions (immediate follow-up to workshop)   | Cards                             |
|             |                      | • Collect ideas from everyone on staying in touch after<br>the workshop. How can participants maintain the<br>connection in a way that works for them? What would<br>be useful to in keeping the informal network alive (be | Workshop<br>evaluations<br>survey |
|             |                      | realistic!)   |                                   |
|             |                      | Personal commitments (not only looking at OSF)  |                                   |
|             |                      | Workshop surveys and evaluation   |                                   |
|             |                      | Close   |                                   |
|             |                      |   |                                   |
